PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in data analysis, SQL, Python, Power BI, and database management. Skilled in cleaning, transforming, and visualizing data to develop interactive dashboards and business insights. Experienced in image annotation, data validation, and reporting workflows. Passionate about solving business problems using data-driven decision making.

TECHNICAL SKILLS

Programming: Python, SQL

Data Analytics: Power BI, Microsoft Excel, Pandas, NumPy, Tableau

Database: MySQL

Visualization: Power BI, Matplotlib

Tools: Git, GitHub, VS Code

Concepts: Data Cleaning, Data Wrangling, Exploratory Data Analysis (EDA), Dashboard Development, KPI Reporting, Business Intelligence

EXPERIENCE

Management & Data Analytics Apprentice

Jun. 2026 – Present

AIIC - Chhatrapati Sambhajanagar

Chhatrapati Sambhajanagar, India

- Developed and maintained interactive Power BI dashboards to visualize business and operational metrics, including a fitness tracking dashboard.
- Performed data cleaning, validation, and analysis using Microsoft Excel, SQL, and Python to support reporting and business decision-making.
- Designed and maintained structured databases for efficient storage, retrieval, and reporting of organizational data.
- Annotated and validated image datasets to support AI and computer vision data preparation workflows.
- Collaborated with cross-functional teams to maintain accurate datasets and streamline reporting processes.

Project Manager – ISRO Robotics Challenge

Feb. 2026 – May 2026

AIIC - Chhatrapati Sambhajanagar

Chhatrapati Sambhajanagar, India

- Led project coordination for a multidisciplinary robotics team participating in the ISRO Robotics Challenge.
- Managed project schedules, meeting planning, progress tracking, and documentation using Microsoft Teams and Microsoft Excel.
- Maintained project logs, task allocation records, and team status reports to ensure smooth collaboration across software, AI, hardware, and electronics teams.
- Coordinated technical meetings, documented action items, and monitored milestone completion throughout the project lifecycle.
- Facilitated communication between multiple technical teams to ensure timely execution of project deliverables.

PROJECTS

Fitness Monitoring & Tracking Dashboard | *Power BI, Microsoft Excel*

- Designed and developed an interactive Power BI dashboard to monitor fitness and wellness metrics using structured datasets.
- Performed data cleaning and transformation using Power Query to prepare data for visualization.
- Built KPI cards, slicers, and interactive charts to analyze fitness trends and user performance.
- Created DAX measures to calculate custom metrics and improve dashboard usability.

Sales Dashboard Analysis | *Power BI, SQL, Microsoft Excel*

- Cleaned and transformed Superstore Sales dataset using Microsoft Excel and SQL for accurate business analysis.
- Analyzed sales performance across products, customer segments, and geographical regions to identify business trends.
- Designed an interactive Power BI dashboard featuring Revenue, Sales, Profit, and regional KPI visualizations.
- Implemented filters, slicers, and drill-down reports to enable dynamic analysis and support data-driven decision-making.

EDUCATION

Maharashtra Institute of Technology, Chhatrapati Sambhajinagar
Bachelor of Technology in Computer Science and Engineering

Aug. 2023 – May 2027
CGPA: 8.79/10
